Thank you in advance for the gift of your time.

Down Country was founded on a simple belief:

Every child is a gift. Every child can learn. Every child learns differently.

Our organization began not in a boardroom but in a hospital room with my son, Elliot.

When Elliot was born with Down syndrome, our family quickly realized that families in rural communities often lack access to the awareness, education, and support that children with exceptional abilities deserve. What started as a mother's determination to create opportunity for her child has grown into a regional nonprofit serving families, educators, therapists, medical professionals, and community members across the Tri-State area of Missouri, Illinois, and Iowa.

Today, Down Country operates entirely through volunteers and gifts from the heart. We accept no state or federal funding, and every program, training, and event is made possible by individuals and businesses who believe in the power of inclusion.

This year we are proud to host the 4th Annual #Aware2Accept Charity Country Concert, an event dedicated to promoting positive awareness and acceptance for individuals of ALL abilities.

We are excited for you to review our sponsorship opportunities and look forward to partnering with your organization on this exceptional opportunity. Down Country will be able to utilize the amazing video screens until the headlines begin to play to highlight the story of Down Country and its sponsors on behalf of #everychild.

This concert is more than a night of music. It is a platform to share stories like Elliot's- stories that remind our community that ability looks different in every child. Through powerful visuals, video storytelling, and community engagement, we will highlight the impact of Down Country and the lives changed through its programs.

Your sponsorship helps us continue our mission to:

1. Promote positive awareness and acceptance for individuals with disabilities and exceptional abilities throughout the Tri-State region.
2. Provide education and specialized training for teachers, therapists, doctors, nurses, administrators, families, and rural residents who support individuals with differing abilities.

Because of partners like you, we are able to expand opportunities for children and families who simply need a community that believes in them.

I would love the opportunity to meet with you to share more about the work of Down Country and discuss how we can welcome your organization into the Down Country family.

For more information, please visit [www.upatdowncountry.com](http://www.upatdowncountry.com) or follow Down Country on social media. Thank you for helping us build a world where every child is valued, every child is seen, and every child has the opportunity to shine.

With gratitude,

Kate Dougherty
